Crafted to add a Designer
feel to *your* Bathroom

A night photograph of a stone tower, likely the Round Church in Dublin, perched on a grassy hill. The tower is illuminated from within, with a red light at its peak. Below the hill, the city lights of Dublin are visible, reflecting on the water in the distance. The sky is dark with some clouds and stars.

About Aqualla

Headquartered in Newtownards, Aqualla are a dedicated team of bathroom brassware specialists pooling many years of experience to service customers throughout Ireland and the UK.

By specialising in a niche market, not only are we able to offer our customers the very best in product choice, quality and value; with Aqualla, you receive a 'local' service from start to finish; from design, marketing and logistics, to sales, customer service and support.

That's why customer satisfaction is at the forefront of everything that we do, and why we're so proud of the service we offer.

A More Sustainable Choice

FROM ECO-FRIENDLY PROCESSES TO CERTIFIED WATER-EFFICIENT PRODUCTS, WE'RE DEDICATED TO A GREENER, MORE RESPONSIBLE FUTURE.

Doing our part

Aqualla is dedicated to sustainability, offering water-efficient products that are rated and certified by the Unified Water Label Association. Our taps and showers are designed to use less water without compromising functionality.

Sustainability is a core value for us as we drive a transformative journey in 2025 and beyond. Join us in preserving resources for a more sustainable future, one tap at a time.

Ecovadis

In 2024, our parent group received a silver ranking from EcoVadis, placing us among the top 13% in sustainability within our segment of the global manufacturing industry.

In an age where sustainability and responsible business practices are becoming increasingly essential, EcoVadis is a leading platform that evaluates companies' sustainability practices. By analysing the companies' performance in areas such as environment, working conditions, ethics and sustainable procurement, EcoVadis provides an objective and comprehensive view of our and others' sustainability efforts.
